

08:00-09:00	REGISTRATION & EXHIBITION TOUR	
09:00-09:10	Opening Mr. Alon Unger, UVID Conference Chairman	
09:10-09:30	Main Opening Address Dr. Yuval Steinitz, Minister of Intelligence	
	Session 1 Unmanned Vehicles as a Central Component of the Modern Battlefield Session Chairman - Mr. Alon Unger, Conference Chairman	
09:30-09:50	Unmanned Systems - A Tactic or Strategy? Mr. Haim Cohen, Director UAV Program Executive Office, MAFAT, Israeli Ministry of Defense	
09:50-10:10	"Connected Vessels" - Manned & Unmanned Jointness in Israel's Aerial Warfare Brig. Gen. Yoav Laor, Commander of Palmachim Base, IAF	
10:10-10:20	Global Leadership as a National Goal? The National Mission in Preserving Israel's Status as the Leader in Unmanned Systems Mr. Elad Aharonson, GM of Unmanned Systems Division, Elbit Systems	
10:20-10:25	UVID 2014 Academic Award Ceremony and Presentation of the Winning Project The Head of the TASP program of the Technion, the President of AUVSI Israel, Director UAV Program Executive Office - MAFAT, and the Conference Chairman will present the award. Accepting the award and speaking on behalf of the project: Mr. Dror Artzi, Senior Adjunct Lecturer – Department of Aerospace and Space Engineering, Technion Israel Institute of Technology	
10:25-10:45	BREAK & EXHIBITION TOUR	
	Session 2A Extraction Aerial Capabilities in Response to the Challenges of the Modern Battlefield Session Chairman - Tal Inbar, Head of Space Research & UAV Center, Fisher Institute	Session 3A Beginning the Revolution of Unmanned Vehicles for Civilian Applications Session Chairman - Mr. Yuval Peshin, CEO & Founder of Simlat VP AUVSI Israel
10:45-11:05	Loitering Munitions Lt. Col. (Res.) Izhari Jona, Business Development - Loitering Missiles, MBT Missile Division, Systems Missile & Space Group, IAI	Global Overview and Analysis of the Unmanned Systems Market for Non-Defense Uses (Para-military and Civilian Uses) Mr. Yaki Baranes, Strategic Business Consultant, Frost & Sullivan
11:05-11:25	NATO UAS and Operation Matters in Hostile Environments Maj. Andre Haider, Subject Matter Expert in Unmanned Aircraft Systems, NATO, Joint Air Power Competence Center (JAPCC)	Lifesaving UAVs - From the Carmel Fire to the Fire & Rescue Forces Buildup Plan Yossi Daklo, Head of Special Operations Unit, Israel Fire & Rescue Services
11:25-11:45	Detection, Recognition, Identification and Target Acquisition in Real Time - Changing the Rules of the Game Brig. Gen. (Res.) Ariel Karo, Director of Intelligence and Cyber, Air and Intelligence Division, Rafael	UAVs - From Military to Civil Operation Brig. Gen. (Res.) Ronen Dan, VP Marketing, Elbit Systems – UAS
11:45-12:05	UAS Operational Evaluation, Integration and Aging Challenges in the Israeli Air Force Col. Erez Kabariti, Head of UAV, Intelligence & E.W department in the Material Directorate, IAF	Mutlirotor-Quad Global Revolution and its Incorporation into the State of Israel Ran Krauss, Founder of Bladeworx, ParaZero and AiRobotics
12:05-12:25	Trainers as a Basic Component in Qualification, Competency and the Simulation of the Modern Battlefield Lt. Col. (Res.) Rahamim Alfred Naman, UAV Training and Simulation Director, MLT Dision, IAI	The Unmanned Industrial Revolution Col. (Res.) Danny Eshchar, Deputy CEO for Marketing & BD, Aeronautics
12:25-12:35	BREAK & EXHIBITION TOUR	
	Session 2B Extraction Capabilities in Response to the Challenges of the Ground Modern Battlefield Session Chairman - Col. (Res.) Itzik Elimelech, the President of USA IMI Services	Session 3B Beginning the Revolution of Unmanned Vehicles for Civilian Applications Session Chairman - Lt. Col. (Res.) Zachi Laor, CEO & Founder of CockpitRM
12:35-12:50	IDF Battle Lab as a National Infrastructure for Development of Advanced Unmanned Concepts for the Modern Battlefield Maj. Yaniv Minkov, Head of the Battle-Laboratory, IDF Ground Forces	Will they Fly Together? Adapting the Global and Israeli Aviation to Unmanned Aircrafts Mr. Shmuel Vizel, Manager, Unmanned Air Systems Section, Israel Civil Aviation Authority
12:50-13:05	Is There a Future for UGCVs in the Modern Battlefield? Global Review Focusing on the US Market Col. (Res.) Itzik Elimelech, Session Chairman	Human Factor & CRM in Unmanned Aviation Lt. Col. (Res.) Zachi Laor, Session Chairman
13:05-13:20	Robotics as a Complementary Asset to the Ground Maneuver Operations and Ground Troops, in Urban and Complex Environments Col. (Res.) Atai Shelach, CEO, ESG Engineering Solutions Group	"Deep Down It's Autonomous" - Worldwide Missions, Challenges and Research in Unmanned Maritime Environment Maj. Oren Gal, Israel Navy, Head of Autonomous R&D Section
13:20-13:35	Underground Superiority Mr. Gal Goren, VP R&D, Roboteam Ltd	Exhibition Tour
13:35-14:30	LUNCH BREAK & EXHIBITION TOUR	
	Session 4 Unmanned Systems Leadership as a National Goal Panel with participation of the Program for Technological Forecasting and Policy of the INSS Session Chairman – Mr. Amir Rapaport, Founder & Editor-in-chief, Israel Defense	
14:30-14:50	Worldwide Leadership as a National Goal - From Theory to Practice Maj. Gen. (Res.) Avihu Ben-Nun, FIRST Israel Founder and Chairman, Former commander of the Israeli Air Force	
14:50-14:55	Presenting the Panel Mr. Amir Rapaport, Session Chairman	
14:55-15:15	Unmanned Vehicles 2033 - Technology Forecast & Political Recommendations for Israel Col. (Res.) Yoav Zacks, Program Manager - Technology Forecasting and Policy Implications at the Institute of National Security Studies (INSS) Liran Antebi, Research Associate at the Institute of National Security Studies	
15:15-15:25	Does the Past Predict the Future? Preserving the Uniqueness of the Israeli Defense Industry in the Field of Unmanned Systems Col. (Res.) Ofer Harovi, VP R&D, Military Aircraft Group, IAI	
15:25-15:35	The Use of Unmanned Weapon Systems - Legal Aspects Col. (Res.) Adv. Pnina Sharvit Baruch, Senior Research Fellow, Head of the Program on Law and National Security, INSS	
15:35-15:45	The Human in the Unmanned System will Make the Difference - Human Resources and National Leadership Mr. Alon Unger, UVID Conference Chairman	
15:45-15:55	"Start Up Makers Nation" - Boosting the Unmanned System Innovation Adv. Roy Keidar, Founder and CEO of XLN	
15:55-16:00	The Academic Role in the Future of Unmanned Systems in Israel Prof. Daniel Weihs, Distinguished Professor, Head of the Technion Autonomous Systems Program (TASP)	
16:00-16:25	Open Panel- Questions from the panel moderator and audience Participants: All session speakers	
16:25-16:30	Conference Summary & Thanks Mr. Alon Unger, UVID Conference Chairman
